	MCM #1 - PUBLIC EDUCATION AND O	UTREACH ON STORM	WATER IMPACTS						
BN	IP #1: Develop, implement and maintain a written Public	c Education and Outreach F	Program.						
1.	For new permittees only, has the written PEOP been deve	eloped and implemented withi	n the first year of pern	nit coverage?					
	☐ Yes ☐ No								
2.	Date of latest annual review of PEOP: 07/22/2020	Were updates made?	Yes ⊠ No						
3.	What were the plans and goals for public education and o	utreach for the reporting perio	od?						
	To improve communication regarding storm water collecture proposed project between the residents and the			ns (PRP) and					
4.	Did the MS4 achieve its goal(s) for the PEOP during the re	eporting period?	s 🗌 No						
5.	Identify specific plans and goals for public education and	outreach for the upcoming yea	ar:						
	Involve the public in the upcoming Park Comprehensive Plan and the stream bank restoration along Chartiers Creek for the PRP.								
BN	IP #2: Develop and maintain lists of target audience gro	oups present within the area	as served by your MS	64.					
1.	For new permittees only, have the target audience lists coverage?	been developed and implem	ented within the first	year of permit					
	☐ Yes ☐ No								
2.	Date of latest annual review of target audience lists: 07/22	2/2020 Were update	s made?	⊠ No					
BN	IP #3: Annually publish at least one educational item or	n your Stormwater Manager	nent Program.						
1.	For new permittees only, were stormwater educational and Internet within the first year of permit coverage?	d informational items produce	d and published in prir	nt and/or on the					

3800-FM-BCW0491 9/2017
Annual MS4 Status Report

☐ Yes ☐ No

2. Date of latest annual review of educational materials: 03/09/2021 Were updates made? ☐ Yes ☐ No

3. Do you have a municipal website? ☐ Yes ☐ No (URL: northfranklin.org)

	If Yes, what MS4-related material does it contain? Stormwater Management/Stream Maintenance Tab displays various educational items relating to storm water; a						
	summarized version of the DEP's Red/Yellow/Green document explaining what type of stream work needs a permit and what maintenance does not; and a video explaining storm water.						
4.	Describe any other method(s) used during the reporting period to provide information on stormwater to the public: If a resident has requested to speak regarding storm water, they are placed on the agenda and the engineer and solicitor assists in answering their questions.						
5.	Identify specific plans for the publication of stormwater materials for the upcoming year: Continue to update information on their website. Depending on received funding, possible public hearing to update the approved PRP. Poster in the municipal building. If the Supervisors issue a community newletter, a section will be provide with information on storm water. The Township hosted a Clean-Up Day on 04/16/2021.						
BM	P #4: Distribute stormwater educational materials to the target audiences.						
Identify the two additional methods of distributing stormwater educational materials during the previous reporting period (e.g., displays, posters, signs, pamphlets, booklets, brochures, radio, local cable TV, newspaper articles, other advertisements, bill stuffers, posters, presentations, conferences, meetings, fact sheets, giveaways, or storm drain stenciling).							
Po	ster, pamplets, presentation

Annual MS4 Status	Report

	P #3: Regularly solicit public involvement and participation from the target audience groups using available tribution and outreach methods.
1.	At least one public meeting or other MS4 event must be held during the 5-year permit coverage period to solicit participation and feedback from target audience groups. Was this meeting or event held during the reporting period?
	☐ Yes ☒ No If Yes, Date of Meeting or Event: MS4 Presentation to Supervisors, 2/6/2020
2.	Report instances of cooperation and participation in MS4 activities; presentations the permittee made to local watershed and conservation organizations; and similar instances of participation or coordination with organizations in the community.
	As the Township has been involved with their Park Master Plan, they have been in contact with the Washington County Watershed Alliance.
3.	Report activities in which members of the public assisted or participated in the meetings and in the implementation of the SWMP, including education activities or efforts such as cleanups, monitoring, storm drain stenciling, or others.
	Multiple board meetings discussing the MS4 PRP requirements and seeking funding opportunities.

		ng period, did you comply with 25 Pa. Code P or a county conservation district (CCD) has							
	∑ Yes								

BMP #2: A municipality or county which issues building or other permits shall notify DEP or the applicable CCD within 5 days of the receipt of an application for a permit involving an earth disturbance activity consisting of one acre or more, in accordance with 25 Pa. Code § 102.42.						
During the reporting period, did you comply with 25 Pa. Code § 102.42 (relating to notifying DEP/CCD within 5 days of receiving an application involving an earth disturbance activity of one acre or more)?						
∑ Yes						
BMP #3: Enact, implement and enforce an ordinance or SOP to require the implementation and maintenance of E&S control BMPs, including sanctions for non-compliance, as applicable.						
1. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of E&S control BMPs? ⊠ Yes ☐ No						
If Yes, indicate the date of the ordinance or SOP: 03/09/2011						
2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☑ Yes ☐ No						
3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.						
BMP #4: Review Erosion and Sediment (E&S) control plans to ensure that such plans adequately consider water quality impacts and meet regulatory requirements.						
Specify the number of E&S Plans you reviewed during the reporting period:						
BMP #5: Conduct inspections regarding installation and maintenance of E&S control measures during earth disturbance activities. Maintain records of site inspections, including dates and inspection results, in accordance with the record retention requirements in this permit.						
Specify the number of E&S inspections you completed during the reporting period:						
BMP #6: Conduct enforcement when installation and maintenance of E&S control measures during earth disturbance activities does not comply with permit and/or regulatory requirements.						
Specify the number of enforcement actions you took during the reporting period for improper E&S:						
BMP #7: Develop and implement requirements for construction site operators to control waste at construction sites that may cause adverse impacts to water quality. The permittee shall provide education on these requirements to construction site operators.						
Specify the method(s) by which you are educating construction site operators on controlling waste at construction sites:						
BMP #8: Develop and implement procedures for the receipt and consideration of public inquiries, concerns, and information submitted by the public to the permittee regarding local construction activities.						
1. A tracking system has been established for receipt of public inquiries and complaints. ☐ Yes ☐ No						
2. Specify the number of inquiries and complaints received during the reporting period:						
MCM #4 Comments:						

MCM #5 - POST-CONSTRUCTION STORM WATER MANAGEMENT IN NEW DEVELOPMENT AND REDEVELOPMENT BMP #1: Enact, implement and enforce an ordinance or SOP to require post-construction stormwater management from new development and redevelopment projects, including sanctions for non-compliance. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? X Yes X No. If Yes, indicate the date of the ordinance or SOP: 03/09/2011 2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☐ No 3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP. BMP #2: Develop and implement measures to encourage and expand the use of Low Impact Development (LID) in new development and redevelopment. Measures should also be included to encourage retrofitting LID into existing development. Enact ordinances consistent with LID practices and repeal sections of ordinances that conflict with LID practices. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that encourages and expands the use of LID in new development and redevelopment? X Yes No If Yes, indicate the date of the ordinance or SOP: 03/09/2011 2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☐ No If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP. BMP #3: Ensure adequate O&M of all post-construction stormwater management BMPs that have been installed at development or redevelopment projects that disturb greater than or equal to one acre, including projects less than one acre that are part of a larger common plan of development or sale. 1. Do you have an inventory of all PCSM BMPs that were installed to meet requirements in NPDES Permits for Stormwater If Yes to #1, complete Table 1 on the next page. 2. Has proper O&M occurred during the reporting period for all PCSM BMPs? ☐ Yes ☒ No 3. If No to #2, explain what action(s) the permittee has taken or plans to take to ensure proper O&M. The Township is working towards completing the BMP inventory list and establishing a regular O&M schedule by September 2022. Most developments were established prior to 2003, therefore are inspected based upon request. If you are relying on PA's statewide program for stormwater associated with construction activities, you may skip to MCM #6, otherwise complete all questions for BMPs #4 - #6 in this section. BMP #4: Require the implementation of a combination of structural and/or non-structural BMPs that are appropriate to the local community, that minimize water quality impacts, and that are designed to maintain pre-development runoff conditions. 1. Specify the number of PCSM Plans reviewed during the reporting period for projects disturbing greater than or equal to one acre (including projects less than one acre that are part of a larger common plan of development or sale): 2. Has a tracking system been established and maintained to record qualifying projects and their associated BMPs? ☐ Yes ☐ No

PCSM BMP INVENTORY

Table 1. To complete the information needed for MCM #5, BMP #3, list all <u>existing structural BMPs</u> that discharge stormwater to the permittee's MS4 that were installed to satisfy PCSM requirements for earth disturbance activities under Chapter 102, and provide the requested information (see instructions).

	TMDL Plan (Appendix F)									
	Combined Chesapeake Bay / Impaired Waters PRP									
	Combined PRP / TMDL Plan									
3.	Date Final Report Demonstrating Achievement of Pollutant Load Reductions Due: June 03, 2023 Have any modifications to the plan(s) occurred since DEP approval?									
5.	Summary of progress achieved during reporting period. The Township acquired a \$60,000 design grant for the proposed stream bank restoration within the Township Park. In March 2021, a pre-application meeting was held with DEP. In the fall of 2021, a wetland delineation is scheduled to be completed.									
6.	Anticipated activities for next reporting period. The Township has applied for construction funding for the stream design grant. They should be notified by December 2021. The Township is working toward completing design and permitting by the fall of 2022 with anticipated construction between the fall of 2022 and the summer of 2023. Final construction and PRP compliance will rely on funding, permitting, and final approvals.									
PR	PRP/TMDL Plan Comments:									

NEW BMPs FOR PRP/TMDL PLAN IMPLEMENTATION

Table 2. List all <u>new structural BMPs</u> installed and <u>ongoing non-structural BMPs</u> implemented <u>during the reporting period</u> that are being used toward achieving load reductions in the permittee's PRP and/or TMDL Plan (see instructions).

CERTIFICATION

For PAG-13 Permittees: I have read the latest PAG-13 General Permit issued by DEP and agree and certify that (1) the permittee continues to be eligible for coverage under the PAG-13 General Permit and (2) the permittee will continue to comply with the conditions of that permit, including any modifications thereto. I understand that if I do not agree to the terms and conditions of the PAG-13 General Permit, I will apply for an individual permit within 90 days of publication of the General Permit. I also acknowledge that any facility construction needed to comply with the General Permit requirements shall be designed, built, operated, and maintained in accordance with operative laws and regulations.

For All Permittees: I certify under penalty of law that this report was prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. See 18 Pa. C.S. § 4904 (relating to unsworn falsification).
