	MCM #1 - PUBLIC EDUCATION AND O	UTREACH ON STORM	WATER IMPACTS				
BN	IP #1: Develop, implement and maintain a written Public	c Education and Outreach F	Program.				
1.	For new permittees only, has the written PEOP been deve	eloped and implemented withi	n the first year of pern	nit coverage?			
	☐ Yes ☐ No			-			
2.	Date of latest annual review of PEOP: 09/27/2022	Were updates made?	P ☐ Yes ☒ No				
3.	What were the plans and goals for public education and o	utreach for the reporting perio	od?				
	Include a stormwater informational section in some form & Map Pamphlet). Update the website to include the informational websites.						
4.	Did the MS4 achieve its goal(s) for the PEOP during the re	eporting period?	s 🗌 No				
5.	Identify specific plans and goals for public education and	outreach for the upcoming yea	ar:				
	Update newsletter to include stormwater information.						
DM	ID #2. Dayalan and maintain lists of target audianas grant	yung progent within the grace	as sorved by your MS	24			
DIV	IP #2: Develop and maintain lists of target audience gro						
1.	For new permittees only, have the target audience lists coverage?	been developed and implem	ented within the first	year of permit			
	☐ Yes ☐ No						
2.	2. Date of latest annual review of target audience lists: 09/27/2022 Were updates made? ☐ Yes ☒ No						
BN	IP #3: Annually publish at least one educational item or	n your Stormwater Manager	nent Program.				
1.	1. For new permittees only, were stormwater educational and informational items produced and published in print and/or on the Internet within the first year of permit coverage?						

3800-FM-BCW0491 9/2017
Annual MS4 Status Report

☐ Yes ☐ No

2. Date of latest annual review of educational materials: 09/27/2022 Were updates made? ☐ Yes ☐ No

3. Do you have a municipal website? ☐ Yes ☐ No (URL: northfranklin.org)

	If Yes, what MS4-related material does it contain? Stormwater Management/Stream Maintenance Tab displays various educational items relating to storm water; a summarized version of the DEP's Red/Yellow/Green document explaining what type of stream work needs a permit and what maintenance does not; a video explaining storm water; as well as links to the MS4 permit, annual reports, Illicit Discharge Complaint Form, and other stormwater links.
4.	Describe any other method(s) used during the reporting period to provide information on stormwater to the public: A Municipal Directory & Map was mailed to the residents with a stormwater information section included. A stormwater informational pamphlet is available in the municipal office. Stormwater educational information is available on the Township website.
5.	Identify specific plans for the publication of stormwater materials for the upcoming year: Update the Township newsletter to include stomwater information as well.
ВN	IP #4: Distribute stormwater educational materials to the target audiences.
dis	ntify the two additional methods of distributing stormwater educational materials during the previous reporting period (e.g., plays, posters, signs, pamphlets, booklets, brochures, radio, local cable TV, newspaper articles, other advertisements, bill ffers, posters, presentations, conferences, meetings, fact sheets, giveaways, or storm drain stenciling).
Ма	iled Municipal Directory & Map with Stormwater information, pamplets. Website has stormwater information on it.
MC	M #1 Comments:
	MCM #2 - PUBLIC INVOLVEMENT/PARTICIPATION
ВN	IP #1: Develop, implement and maintain a written Public Involvement and Participation Program (PIPP)
1.	For new permittees only, was the PIPP developed and implemented within one year of permit coverage?
	☐ Yes ☐ No
2.	Date of latest annual review of PIPP: 09/27/2022 Were updates made? ☐ Yes ☒ No
	IP #2: Advertise to the public and solicit public input on ordinances, SOPs, Pollutant Reduction Plans (PRPs) (if plicable) and TMDL Plans (if applicable), including modifications thereto, prior to adoption or submission to DEP:
1.	Was an MS4-related ordinance, SOP, PRP or TMDL Plan developed during the reporting period? ☐ Yes ☒ No
2.	If Yes, describe how you advertised the draft document(s) and how you provided opportunities for public review, input and feedback:
3.	If an ordinance, SOP or plan was developed or amended during the reporting period, provide the following information:

Ordinance / SOP / Plan Name	Date of Public Notice	Date of Public Hearing	Date Enacted or Submitted to DEP

	P #3: Regularly solicit public involvement and participation from the target audience groups using available tribution and outreach methods.
1.	At least one public meeting or other MS4 event must be held during the 5-year permit coverage period to solicit participation and feedback from target audience groups. Was this meeting or event held during the reporting period?
	☐ Yes ☐ No If Yes, Date of Meeting or Event: MS4 Presentation to Supervisors, 2/6/2020
2.	Report instances of cooperation and participation in MS4 activities; presentations the permittee made to local watershed and conservation organizations; and similar instances of participation or coordination with organizations in the community.
	As the Township has been involved with their Park Master Plan, they have been in contact with the Washington County Watershed Alliance.
3.	Report activities in which members of the public assisted or participated in the meetings and in the implementation of the SWMP, including education activities or efforts such as cleanups, monitoring, storm drain stenciling, or others.
	Participation in the County Clean-up August 20, 2022.

dis	turbance activ	mittee may not issue a building or other per vities requiring an NPDES permit unless tl (i.e., not expired) under 25 Pa. Code Chapt	he party proposing th					
		ing period, did you comply with 25 Pa. Code P or a county conservation district (CCD) has						

BMP #2: A municipality or county which issues building or other permits shall notify DEP or the applicable CCD within 5 days of the receipt of an application for a permit involving an earth disturbance activity consisting of one acre or more, in accordance with 25 Pa. Code § 102.42.
During the reporting period, did you comply with 25 Pa. Code § 102.42 (relating to notifying DEP/CCD within 5 days of receiving an application involving an earth disturbance activity of one acre or more)?
BMP #3: Enact, implement and enforce an ordinance or SOP to require the implementation and maintenance of E&S control BMPs, including sanctions for non-compliance, as applicable.
1. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of E&S control BMPs? ☑ Yes ☐ No
If Yes, indicate the date of the ordinance or SOP: 03/09/2011
2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? 🛛 Yes 🗌 No
3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
BMP #4: Review Erosion and Sediment (E&S) control plans to ensure that such plans adequately consider water quality impacts and meet regulatory requirements.
Specify the number of E&S Plans you reviewed during the reporting period:
BMP #5: Conduct inspections regarding installation and maintenance of E&S control measures during earth disturbance activities. Maintain records of site inspections, including dates and inspection results, in accordance with the record retention requirements in this permit.
Specify the number of E&S inspections you completed during the reporting period:
BMP #6: Conduct enforcement when installation and maintenance of E&S control measures during earth disturbance activities does not comply with permit and/or regulatory requirements.
Specify the number of enforcement actions you took during the reporting period for improper E&S:
BMP #7: Develop and implement requirements for construction site operators to control waste at construction sites that may cause adverse impacts to water quality. The permittee shall provide education on these requirements to construction site operators.
Specify the method(s) by which you are educating construction site operators on controlling waste at construction sites:
BMP #8: Develop and implement procedures for the receipt and consideration of public inquiries, concerns, and information submitted by the public to the permittee regarding local construction activities.
1. A tracking system has been established for receipt of public inquiries and complaints. Yes No
2. Specify the number of inquiries and complaints received during the reporting period:
MCM #4 Comments:

MCM #5 - POST-CONSTRUCTION STORM WATER MANAGEMENT IN NEW DEVELOPMENT AND REDEVELOPMENT BMP #1: Enact, implement and enforce an ordinance or SOP to require post-construction stormwater management from new development and redevelopment projects, including sanctions for non-compliance. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? X Yes X No. If Yes, indicate the date of the ordinance or SOP: 03/09/2011 2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☐ No 3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP. BMP #2: Develop and implement measures to encourage and expand the use of Low Impact Development (LID) in new development and redevelopment. Measures should also be included to encourage retrofitting LID into existing development. Enact ordinances consistent with LID practices and repeal sections of ordinances that conflict with LID practices. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that encourages and expands the use of LID in new development and redevelopment? X Yes No If Yes, indicate the date of the ordinance or SOP: 03/09/2011 2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☐ No If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP. BMP #3: Ensure adequate O&M of all post-construction stormwater management BMPs that have been installed at development or redevelopment projects that disturb greater than or equal to one acre, including projects less than one acre that are part of a larger common plan of development or sale. 1. Do you have an inventory of all PCSM BMPs that were installed to meet requirements in NPDES Permits for Stormwater Discharges Associated with Construction Activities approved since March 10, 2003? X Yes No If Yes to #1, complete Table 1 on the next page. 2. Has proper O&M occurred during the reporting period for all PCSM BMPs? ☐ Yes ☒ No 3. If No to #2, explain what action(s) the permittee has taken or plans to take to ensure proper O&M. A BMP inventory list has been prepared. Developments that were established prior to 2003 are inspected based upon request. The Township will work on inspecting the ponds installed after 2003 and send letters to the property owners to get them repaired and maintained. If you are relying on PA's statewide program for stormwater associated with construction activities, you may skip to MCM #6. otherwise complete all questions for BMPs #4 - #6 in this section. BMP #4: Require the implementation of a combination of structural and/or non-structural BMPs that are appropriate to the local community, that minimize water quality impacts, and that are designed to maintain pre-development runoff conditions. 1. Specify the number of PCSM Plans reviewed during the reporting period for projects disturbing greater than or equal to one acre (including projects less than one acre that are part of a larger common plan of development or sale): 2. Has a tracking system been established and maintained to record qualifying projects and their associated BMPs? ☐ Yes ☐ No

PCSM BMP INVENTORY

Table 1. To complete the information needed for MCM #5, BMP #3, list all <u>existing structural BMPs</u> that discharge stormwater to the permittee's MS4 that were installed to satisfy PCSM requirements for earth disturbance activities under Chapter 102, and provide the requested information (see instructions).

1. During the reporting period have you inspected all qualifying development and redevelopment projects during the construction phase to ensure proper installation of approved structural BMPs? Yes No Not Applicable (no qualifying projects during reporting period)	BMP #5: Ensure that controls are installed that shall prevent or minimize water quality impacts. The permittee shall inspect all qualifying development or redevelopment projects during the construction phase to ensure proper installation of the approved structural PCSM BMPs. A tracking system (e.g., database, spreadsheet, or written list) shall be implemented to track the inspections conducted and to track the results of the inspections (e.g., BMPs were, or were not, installed properly).
2. Has a tracking system been established and maintained to record results of inspections? □ Yes □ No BMP #6: Develop a written procedure that describes how the permittee shall address all required components of this McM. Have you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in plans for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) implementation of an inspection program to ensure that BMPs are properly installed? □ Yes □ No MCM #5 Comments: MCM #6 - POLLUTION PREVENTION / GOOD HOUSEKEEPING BMP #1: Identify and document all operations that are owned or operated by the permittee and have the potential for generating pollution in stormwater runoff to the MS4. This includes activities conducted by contractors for the permittee. 1. Have you identified all facilities and activities owned and operated by the permittee that have the potential to generate stormwater runoff into the MS4? □ Yes □ No 2. When was the inventory last reviewed? 09/27/2022 BMP #2: Develop, implement and maintain a written O&M program for all operations that could contribute to the discharge of pollutants from the MS4, as identified under BMP #1. This program shall address stormwater collection or conveyance systems within the regulated MS4. 1. Have you developed a written O&M program for the operations identified in BMP #1? □ Yes □ No 2. Date of last review or update to written O&M program: 09/27/2022 BMP #3: Develop and implement an employee training program that addresses appropriate topics to further the goal of preventing or reducing the discharge of pollutants from operations to the regulated small MS4. All relevant employees and contractors shall receive training. 1. Have you developed an employee training program? □ Yes □ No	
BMP #6: Develop a written procedure that describes how the permittee shall address all required components of this MCM. Have you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in plans for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) implementation of an inspection program to ensure that BMPs are properly installed?	☐ Yes ☐ No ☐ Not Applicable (no qualifying projects during reporting period)
BMP #6: Develop a written procedure that describes how the permittee shall address all required components of this MCM. Have you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in plans for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) implementation of an inspection program to ensure that BMPs are properly installed?	2. Has a tracking system been established and maintained to record results of inspections?
MCM. Have you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in plans for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) implementation of an inspection program to ensure that BMPs are properly installed? Yes No MCM #5 Comments: MCM #6 - POLLUTION PREVENTION / GOOD HOUSEKEEPING BMP #1: Identify and document all operations that are owned or operated by the permittee and have the potential for generating pollution in stormwater runoff to the MS4. This includes activities conducted by contractors for the permittee. 1. Have you identified all facilities and activities owned and operated by the permitee that have the potential to generate stormwater runoff into the MS4? Yes No 2. When was the inventory last reviewed? 09/27/2022 3. When was it last updated? 07/22/2020 BMP #2: Develop, implement and maintain a written O&M program for all operations that could contribute to the discharge of pollutants from the MS4, as identified under BMP #1. This program shall address stormwater collection or conveyance systems within the regulated MS4. 1. Have you developed a written O&M program: 09/27/2022 BMP #3: Develop and implement an employee training program that addresses appropriate topics to further the goal of preventing or reducing the discharge of pollutants from operations to the regulated small MS4. All relevant employees and contractors shall receive training. 1. Have you developed an employee training program? Yes No	☐ Yes ☐ No

CERTIFICATION

For PAG-13 Permittees: I have read the latest PAG-13 General Permit issued by DEP and agree and certify that (1) the permittee continues to be eligible for coverage under the PAG-13 General Permit and (2) the permittee will continue to comply with the conditions of that permit, including any modifications thereto. I understand that if I do not agree to the terms and conditions of the PAG-13 General Permit, I will apply for an individual permit within 90 days of publication of the General Permit. I also acknowledge that any facility construction needed to comply with the General Permit requirements shall be designed, built, operated, and maintained in accordance with operative laws and regulations.

For All Permittees: I certify under penalty of law that this report was prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. See 18 Pa. C.S. § 4904 (relating to unsworn falsification).
