PCM Comments:

Upon review of the DEP provided Non Attaining Stream information from July 2020, at this time though the Township is subject to Appendix A, AMD. According to the provided mapping, the identified AMD stream is actually the boundary line between the Township and the City of Washington. The only storm sewershed that is tributary to this location is Trinity High School's property. The Township is requesting a review of whether this area is subject to the continuation of the requirements of Appendix A.
